

STATE OF NEVADA ss.
 COUNTY OF WASHOE

I, Ernest E. Muller, Sr., being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on the 6th. day of November, 1987, that it truly and correctly represents the proposed location and extent of the works used to divert water from an underground source in Pershing County by WALTER J. AUSMUS, JACK H. NANCE, V. R. GALLOWAY for MINING, MILLING and DOMESTIC PURPOSES. That the proposed point of diversion, the approximate location and size of the diverting channel, all reservoirs or basins, the location and names of all other works which will cross or connect with the proposed works, and the boundary of all lands, showing by 40-acre subdivisions the areas proposed for use, are fully and correctly designated thereon.

Ernest E. Muller, Sr.
 State Water Right Surveyor No. 702

Basis of bearings for this plat is Government Plat No. 0980 dated October 18, 1895 showing the South line of Section 34 as WEST.

Subscribed and sworn to before me this 15th. day of December, 1987.
