

BASIS OF BEARING
 The basis of bearing of this survey is based on station Purple using State Plane Coordinate basis as determined by Ray Roripough for the mine coordinate system.

STATE OF NEVADA } SS.
 COUNTY OF WASHOE }
 I, Wm. Michael Donovan, Jr., being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on September 25, 1987; that it truly and correctly represents the proposed location and extent of the works used to divert water from an underground source in White Pine County, by WX Syndicate for Mining, Milling, and Domestic purposes. That the proposed points of diversion, the approximate location and size of the channel, all reservoirs or basins, the location and names of all other works which will cross or connect with the proposed works, and the boundary of all lands, showing by 40-acre subdivisions the areas proposed to be mined and milled, are fully and correctly designated thereon.
