

STATE OF NEVADA
COUNTY OF WASHOE ss

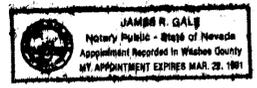

I, Douglas W. Hopkins, being first duly sworn, depose and say that this map, consisting of two sheets, numbered one and two, inclusive, has been correctly drawn to the designated scales from various maps and records, under my direction on May 28, 1987, that it truly and correctly represents the proposed location and extent of the works used to divert water from the Highland Ditch, in Washoe County, by Washoe County for recreational purposes. That the proposed point of diversion, the approximate location and size of the diverting channel, the location and names of all other works which will cross or connect with the proposed works, and the boundary of all lands, showing by 40-acre subdivisions the areas proposed to be served, are fully and correctly designated.
