STATE OF NEVADA
COUNTY OF HUMBOLDT
I, John H. Milton III, being first duly sworn, depose and say that this map has been correctly drawn to the designated scale from field notes of a survey made by me during December 1987; that it truly and correctly represents the proposed location and extent of the works used to divert water from underground in Humboldt County, by Marvin Hetrick, for irrigation and domestic purposes. That the proposed point of diversion, the approximate location and size of the diverting channel or other conduit, the place and manner of use, and the location and names of all other works or streams which are crossed by or connected with the said works are fully and correctly designated thereon.
