

STATE of NEVADA }
 COUNTY of STOREY } s.s.

I, Greg Hess, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on March 4, 1988, that it truly and correctly represents the proposed location and extent of the works used to divert water from an underground source in Storey County, by Lincoln Nick and Noreene C. Mansfield for industrial and domestic purposes. That the proposed point of diversion and return, the location of the sand pit, the approximate size and capacity of the diverting conduit, and the location and names of all other works or streams which are crossed by, or connected with the said works, are fully and correctly designated thereon.

Greg Hess
 State Water Right Surveyor

Subscribed and sworn to before me this 9th day of March, 1988.
