I, Ralph L. Kraemer, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on Mar 7, 1968; that it truly and correctly represents the proposed location and extent of the works used to divert water from an underground source (the Las Vegas Artesian Basin) in Clark County, by Dean Shackley for quasi-municipal & domestic purposes. That the proposed point of diversion, place and manner of use are correctly designated hereon.
