I, Richard A. Forman, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made under my supervision and direction on the 2nd day of March, 1988; that it truly and correctly represents the proposed location and extent of the works used to divert water from Snow Spring (a.k.a. Crystal Spring) and Underground Sources, in Nye County, by Donald Lani for Irrigation and Domestic purposes. That the proposed points of diversion, the approximate location and size of the diverting channel, all reservoirs or basins, the location and names of all other works which will cross or connect with the proposed works, and the boundary of all lands, showing by 40-acre subdivisions the areas proposed to be irrigated, are fully and correctly designated thereon.
