I, Ralph L. Kraemer, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on May 10, 1988; that it truly and correctly represents the proposed location and extent of the works used to divert water from an underground source (the Las Vegas Artesian Basin) in Clark County, by Carl Price for quasi-municipal and domestic purposes. That the point of diversion, place and manner of use are correctly designated hereon.
