I, Bruce R. Scott, being first duly sworn, depose and say that this map, consisting of one sheet, has been drawn to the designated scale from record information on file at the Division of Water Resources and field notes of a survey made under my supervision on the 31st of May, 1988. That it truly and correctly represents the existing and proposed locations and extent of the works used to divert water from an underground source in Churchill County, Nevada by Howard W. & Barbara C. Wolf for irrigation and domestic purposes. That the existing and proposed points of diversion and the boundary of all lands, showing by 40-acre subdivisions the areas where the water is to be used, are fully designated hereon.
