 STOREY COUNTY }

I, Greg Hess, being duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on the 19th day of December, 1988, that it truly and correctly represents the proposed location and extent of the works used to divert water from Cedar Hill Canyon Spring, in Storey County, Joseph Glen Kircher, for irrigation and domestic purposes. That the proposed point of diversion, the approximate location and size of the diverting channel, all reservoirs or basins, the location and names of all other works which will cross or connect with the proposed works, and the boundary of all lands showing by 40-acre subdivisions the areas to be irrigated, are fully and correctly designated thereon.

Greg Hess
 State Water Right Surveyor

Subscribed and sworn to before me this 20 day of December, 1988.
