

STATE OF NEVADA
CARSON CITY SS:

I, Ernest E. Muller, Sr., being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from notes of a survey made by me between the 24th day July and the 2nd day of August, 1989; that it truly and correctly represents the proposed location and extent of the works used to divert water from Prince Royal Canyon Drainage Basin in Pershing County by Pershing County for a Municipal Water System. That the proposed point of diversion of the Drainage Basin, the location of the diverting conduit, all reservoirs and basins, the location and names of all other works which will cross or connect with the proposed works, and the boundary of all lands proposed for use, are fully and correctly designated thereon.

Ernest E. Muller, Sr.
State Water Right Surveyor No. 702

Subscribed and sworn to before me this 7th day of August, 1989.
David Edwards
Notary Public in and for Nevada

NOTE: The limits of the Prince Royal Canyon Drainage Basin follows the ridge line taken from the Star Peak quadrangle map (Provisional 1987 U.S.G.S.).
