

State of Nevada S.S.
 County of Washoe

I, Harvey M. Brotzman, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on July 13th, 1991, that it truly and correctly represents the proposed location of the works used to divert water from an underground source in Washoe County by Larry Beldon and Truckee River Studios for Quasi-Municipal, Domestic and for Proof of Beneficial use. That the proposed points of diversion, all approximate location and size of the diverting channel, all reservoirs or basins, the location and names of all other works which will cross or connect with the proposed works, and the boundary of all lands, are fully and correctly designated thereon.
