I, Michael E. Henderson, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale based upon field notes of a survey made under my supervision and direction between July 2, 1990 and July 12, 1990; that it truly and correctly represents the proposed location and extent of works used to divert water from underground sources in Churchill County Nevada by Horizon Gold, for dewatering, mining, milling, domestic road construction and road maintenance purposes. That the proposed points of diversion, the place of use, and the location and names of all other works, are fully and correctly designated thereon.

STATE WATER RIGHT SURVEYOR NO. 846

Subscribed and sworn to before me this 15th day of Jan., 1992.
