I, D. Henry Reed, being first duly sworn, depose and say that this map, consisting of one sheet numbered from 1 to 1, inclusive, has been correctly drawn to the designated scale from field notes of a survey made by me, or under my supervision and direction, between the second day of June and the fifteenth day of June 1992; that it truly and correctly represents the proposed location and extent of the place of use, and the point of diversion of water heretofore appropriated under application number 54263 from an underground source in Humboldt County, Nevada by Pinson Mining Company for mining, milling and domestic purposes. That the proposed point of diversion, the existing point of diversion, the existing place of use, the approximate size of pipe-lines, the location and names of all other works, and the boundary of all lands, showing by 40-acre subdivisions the areas proposed to be served, are fully and correctly designated hereon.
