

STATE OF NEVADA SS:
COUNTY OF WASHOE

I, Ernest E. Muller, Sr., being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scales from field notes of a survey made by me on the 28th day of August, 1993; that it truly and correctly represents the proposed location and extent of the works used to divert water from an underground source in Pershing County by Garrett Van Diest for a change in the point of diversion, place and manner of use of a portion of Permit No. 45775 from Irrigation and Domestic Purposes to Quasi Municipal Purposes. That the proposed point of diversion, the size of the diverting pipe, location of the holding tank, the location and names of all other works which will cross or connect with the proposed works, and the boundary of all lands, showing the areas proposed for use, are fully and correctly designated thereon.
