I, JOHN H. MILTON III, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me or under my supervision and direction, between the 23rd day of August and the 24th day of August, 1993; that it truly and correctly represents the proposed location and extent of the works used to divert water from underground in Humboldt County, by JOSEPH GENE BAUM and LOIS C. BAUM for irrigation purposes under Permit No. 17236 Certificate 5611. That the proposed point diversion, the approximate location and size of the diverting channel, all reservoirs or basins, the location and names of all other works which will cross, or connect with the proposed works, and the boundary of all lands, showing by 40-acre subdivisions the areas proposed to be irrigated, are fully and correctly designated thereon.

Subscribed and sworn to before me this 26th day of August 1993.
