

BASIS OF BEARING
 Nevada State Plane Coordinates
 By Nevada Dept. of Transportation
 on unsurveyed land in Sec. 12
 T32S R65 and 66E
 Mt. Diablo B.L.M.

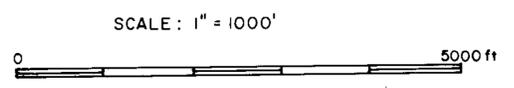

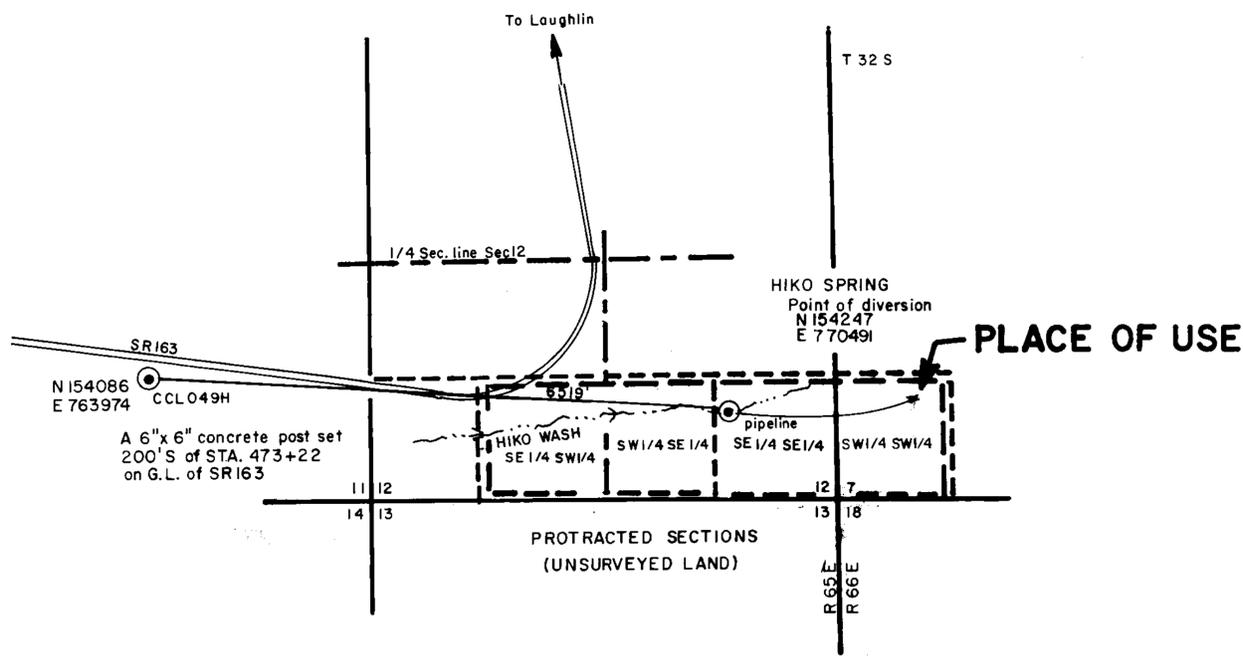

State of Nevada
 County of Clark SS

I, Richard V. Wyman, being first duly sworn, depose and say that site inspections have been made by me between February 16 and 25, 1995, and the location of each reference monument has been verified by site inspection; that the point of diversion and place of use sites have been inspected; that this map consisting of one sheet has been drawn to the designated scale from surveying calculation notes prepared by me relying on recorded survey documents in the office of the Nevada Department of Transportation being "Geodesy, Control-listing, ASP218 SR540 from US95 easterly to Laughlin, Nevada", that this map truly and correctly represents the proposed location and extent of the works used to divert water from HIKO SPRING in Clark County, Nevada by Thomas E. Smigel for irrigation purposes and stockwatering. That the proposed point of diversion, the approximate location and size of the diverting channel or conduit, all reservoirs and basins, and the boundaries of all lands showing by 40 acre subdivisions the areas proposed to be served are fully and correctly shown thereon.

Richard V. Wyman P.E. No. 2181
 Richard V. Wyman, State Water Right Surveyor #387
 and sworn before me this 1st day of March 1995

Ma J. Crowley
 Notary Public in and for Clark County, Nevada
 My license expires AUGUST 17, 1996

STATE ENGINEER'S USE 61007 FILED MAY 01 1995 STATE ENGINEER'S OFFICE	Map to Accompany Application to Appropriate Water For Irrigation and Stockwatering By Thomas E. & Barbara W. Smigel From Hiko Spring In Clark County, Nevada
