

STATE OF NEVADA  
CARSON CITY

I, Fred J. Stanio being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from the field notes of a survey under my supervision and direction, between the 16 day of March, and the 17 day of March, 1996; that it truly and correctly represents the proposed location of the well to be used to divert water from an underground source in Clark County, by the State of Nevada, acting by and through its Department of Transportation, for public highway purposes. That the proposed point of diversion, the location and size of the proposed drilled well, and the boundary of all lands, showing by 40 acre subdivisions, the areas to be occupied for Mining, Pollution/Erosion Control and Highway Construction and Maintenance, are fully and correctly designated thereon.
