I, Paul "Dean" Higginbotham, being first duly sworn, depose and say that this map, consisting of one sheet, numbered from 1 to 1, inclusive, has been correctly drawn to the designated scale from field notes of a survey made by me, or under my supervision and direction, on the 18th day of May, 1995; that it truly correctly represents the proposed location and extent of the works used to divert water from an underground source in Douglas County, Nevada by Sean D. and Linda C. That the proposed point of diversion, the approximate location and size of diverting channel or other conduit, all reservoirs or basins, the location and names of all other works which will cross or connect with the proposed works and the boundary of all lands, showing by 40 acre subdivisions the areas proposed to be served, are fully and correctly designated thereon.
