- SPRING (Point of Diversion)
- EXISTING PLACE OF USE

STATE OF OREGON } ss.
COUNTY OF MULTNOMAH }

I, Michael L. Richey, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from surveying field notes, and calculations made by me on the 1st day of May, 1994, and other documents of record in the offices of the State Engineer and United States Fish and Wildlife Service; that this map truly and correctly represents the existing location and extent of works used to divert water from Big Spring, in Lincoln County, Nevada, by the United States Fish and Wildlife Service, for wildlife purposes;

That the existing and proposed points of diversion, approximate location of the natural stream channels, existing place of use, and location names of all other works or streams, which are crossed by, or connected with said works, are fully and correctly designated thereon.

M. L. Richey
(State Water Right Surveyor) # 860

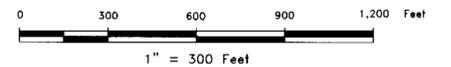

Subscribed and sworn to before me
this 14 day of NOV 1996.
Notary Public in and for Multnomah County, Oregon.
