

AFFIDAVIT

STATE OF NEVADA } ss.
 COUNTY OF LINCOLN }

I, Leonard D. Smith, being first duly sworn, depose and say that this map, consisting of one sheet has been correctly drawn to the designated scale from field notes of a survey made by me on June 4, 1998, that it truly and correctly represents the proposed location and extent of works used to divert water from underground in Lincoln County, Nevada by Robert J. Mathews, for irrigation purposes. That the proposed point of diversion, the approximate location and size of the diverting channel or other conduit, all reservoirs or basins, the location and names of all other works which will cross or connect with the proposed works, and the boundary of all lands, showing by 40-acre subdivisions the areas proposed to be served, are fully and correctly designated thereon.

Leonard D. Smith
 Leonard D. Smith State Water Right Surveyor 1033

SUBSCRIBED and sworn to before me this 1 day of July, 1998

Notary Public
 Notary Public in and for Lincoln County, Nevada
 My commission expires 5-27-02

SEAL:

MAP NOTE:

The interior of this township was surveyed in 1872 & 1873 (G.L.O.) by Monroe & Bateman. Almost all the section corners and section quarter corners were "cedar posts". None were found for this survey. Sections here-in were protracted using U.S.G.S. 7 1/2 minute Quadrangle contour maps as a base. Record (G.L.O.) bearings and distances are shown in parenthesis. (One chain = 66 feet)

BASIS OF BEARINGS

The section/township line between land 6, (between R.67E. & R.68E., T.1N.); Recorded as being NORTH, 80.00 chains (3200 feet)

SCALE: 1 inch = 500 feet
