I, William A. Nisbet, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me, or under my supervision and direction, on the 8th day of September, 1999; that it truly and correctly represents the proposed location and extent of the works used to divert water from an UNDERGROUND SOURCE, in ELKO COUNTY, by CHEYENNE LAND AND LIVESTOCK COMPANY, INC., for IRRIGATION AND DOMESTIC purposes. That the existing point of diversion, the approximate location and size of the diverting channel, all reservoirs or basins, the location and names of all other works which cross or connect with the existing works, and the boundary of all lands, showing by 40-acre subdivisions the area irrigated, are fully and correctly designated thereon.
