- ⊙ Measured location for POD (Well), as described
- ⊙ Record position of POD for underground source
- ⊕ Center of pivot sprinkler system
- Place of use boundary

SURVEYOR'S AFFIDAVIT

I, Lenard D. Smith, being first duly sworn, depose and say that this map, consisting of one sheet has been correctly drawn to the designated scale from field notes of a survey made by me between the 20th day of November 1999 and the 30th day of November, 1999, that it truly and correctly represents the proposed location and extent of the works used to divert water from underground in Lincoln County, Nevada by Wayne M. and Janice A. Turner for irrigation purposes. That the proposed point of diversion, the approximate location and size of the diverting channel or other conduit, all reservoirs or basins, the location and names of all other works which will cross or connect with the proposed works, and the boundary of all lands, showing by 40-acre subdivisions the areas proposed to be surveyed, are fully and correctly designated thereon.

This map serves to show the proposed Change of the Place of Use of Permit 39983 and the Change of the Point of Diversion of Permits 30245 and 30246 which were incorrectly shown on the original map and accompanying Applications. This map shows the locations of the previous record and the actual locations as measured.

Lenard D. Smith, State Water Right, Surveyor #1033

SUBSCRIBED AND SWORN BEFORE ME
 this 12th day of January, 1999, 2000
 Mary Cardinal
