 County of WHITE PINE)

I, Richard E. Fonger, being first duly sworn, depose and say that this map, consisting of two sheets has been correctly drawn to the designated scale from field notes of a survey made by me on December 5th, 2000; and ALSO by APPLICATIONS (as noted hereon) recorded in the State Engineer's Office, in Carson City, Nevada. This map truly and correctly represents the proposed location and extent of works used to divert water from underground source, in White Pine County, by Jesse Ross and Rebecca Susan Murdock for Irrigation and Domestic purposes. That the point of diversion, the location and size of the diverting channel, all reservoirs or basins, the locations and names of all other works which will cross or connect with the proposed works, and the boundary of all lands, showing by 40 acre subdivision the areas proposed to be irrigated, are fully and correctly designated hereon.
