

SURVEYOR'S AFFIDAVIT

STATE OF NEVADA } ss
 COUNTY OF LINCOLN }

I, Lenard D. Smith, being first duly sworn, depose and say that this map, consisting of one sheet has been correctly drawn to the designated scale from field notes of a survey made by me between August 10, 1993 and September 15, 1995, that it truly and correctly represents the proposed location and extent of the works used to divert water from underground, in Lincoln County, Nevada, by Kenneth and Donna Lytle for irrigation purposes. That the proposed point of diversion, the approximate location and size of the diverting channel or other conduit, all reservoirs or basins, the location and names of all other works which will cross or connect with the proposed works, and the boundary of all lands, showing by 40 acre subdivisions the areas proposed to be served, are fully and correctly designated thereon.
