STATE OF NEVADA }
COUNTY OF WASHOE } SS

I, George G. Lindesmith, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from record information and field notes of a survey made under my supervision and direction on September 20, 2002, that it truly and correctly represents the proposed location of the works used to divert water from an underground source in Clark County, Nevada, by DFA, LLC, a Nevada limited liability company, for irrigation and domestic purposes. That the proposed point of diversion and the boundary of all lands, showing by 40-acre subdivisions the areas proposed to be served, are fully and correctly designated thereon.
