STATE OF NEVADA
 COUNTY OF WASHOE SS:

I, Ernest E. Muller, Sr., being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on the 7th day of June, 2003; that it truly and correctly represents the proposed location and extent of the works used to divert water from an underground source in Pershing County by Garrett Van Diest, Inc. to change the place of use of a portion of Permit No. 60316 for Irrigation and Domestic purposes. That the existing (proposed) point of diversion, the approximate size and location of the diverting channel, all reservoirs or basins, the locations and names of all other works which will cross or connect with the proposed works, and the boundary of all lands, showing by 40-acre subdivisions the areas proposed to be irrigated, are fully and correctly designated thereon.
