- COUNTY BOUNDARIES

MAP NOTES

THIS MAP ACCOMPANIES APPLICATIONS FOR TEMPORARY PERMITS. Deviation from the Guidelines and Rules for the Preparation of Water Right Maps (2000) includes use of color and water based ink, absence of water right surveyor affidavit, paper medium, a scale of less than one-inch-to-1000-feet for Place of Use, use of imagery instead of showing features by signs and symbols, omission of quarter-section and sixteenth-section details, and strict adherence to Basis of Bearings guidelines (which would require an actual field survey; see Basis of Bearings notes below).

2006 U.S.D.A. National Agricultural Image Program (NAIP) 1 meter color orthophotography.

(2002) Boundaries of hydrographic areas of the Humboldt River Region courtesy of Nevada Division of Water Resources (NDWR), Department of Conservation and Natural Resources. These are administrative boundaries rather than strictly hydrologic ones.

BASIS OF BEARING

The line bearing N00°03'47"E from the SW corner to the W quarter-corner of Section 02, T35N, R50E, M.D.M. is referenced to a compilation of surveyed and protracted BLM GCSB data and historical survey records in the Nevada State Plane Coordinate System, NAD27, East Zone by Mark Boge, Water Rights Surveyor 862, translated to the UTM (NAD27) Coordinate System, Zone 11N (see Map Notes above).
