

Proposed Place of Use:

Cultural Map Tabulation

Section	Subdivision	Township	Range	Cult. acreage	Description of culture	Date of first culture
16	NW1/4SW1/4	7 South	61 East	4.11 acres		
16	NE1/4SW1/4	7 South	61 East	0.89 acres		
Total acres				5.00 acres		

The proposed and expected place to use is tabulated above, and shown in the lighter dashed lines on the map, however we would like to reserve the option to change that area if for some unforeseen reason to change the final place of use but still within the heavier dashed lines, also shown on the map.

SURVEYOR'S AFFIDAVIT

I, Lenard D. Smith, being first duly sworn, depose and say that this map, consisting of one sheet has been correctly drawn to the designated scale from field notes of a survey made under my supervision and direction, on August 3rd, 2009, that it truly and correctly represents the proposed location and extent of the works used to divert water from underground in Lincoln County, Nevada by Charles L. and Jean Prince for irrigation purposes. That the proposed point of diversion, the approximate location and size of the diverting channel or other conduit, all reservoirs or basins, the location of names of all other works which will cross or connect with the proposed works and the boundary of all lands, showing by 40 acre subdivisions the areas proposed to be served, are fully and correctly designated thereon.
