I, Robert A. Allen, being first duly sworn depose and say that this map has been correctly drawn to the designated scale from field notes of a survey made by me during September 1927 that it truly and correctly represents the location and extent of the works used to divert water from LIMESTONE SPRING AND TRIBUTARIES in NYA COUNTY, NEVADA by ELIZABETH S. BARNDT for stockwatering purposes. That the point of diversion, the location and size of the diverting channel, the place and manner of use, that all streams connected with these works crossed by this source, are fully and correctly designated hereon.
