

Proposed Works - An open cut 100 feet long 4 feet wide and 6 feet deep. A catch basin south of cut approx. 20 feet in diam. 18 feet of 2 in. pipe connecting catch basin with approx. 70 feet of galvanized iron trough.

STATE OF NEVADA } S.S.  
COUNTY OF WHITE PINE }

I, G. T. Saxton, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me between the 1st and 5th days of Nov. 1928; that it truly and correctly represents the location and extent of the proposed works used to divert water from Summit Spring in White Pine County by Gaston Uhalde and Wm. Hendrix for stockwatering purposes. That the proposed point of diversion, the approximate location and size of the diverting channel or other conduit, the place and manner of use, and the location and names of all other works or streams which are crossed by, or connected with the said works, are fully and correctly designated thereon.

G. T. Saxton  
STATE WATER RIGHT SURVEYOR

Subscribed and sworn to before me this 26th day of November, 1928.

[Signature]  
NOTARY PUBLIC IN AND FOR  
WHITE PINE COUNTY, NEVADA.
