S. 5° 21' W. 370 1/2 feet to point of diversion

STATE OF NEVADA } S.S.
 COUNTY OF WHITE PINE }
 I, G. T. Saxton, being first duly sworn de-
 pose and say that this map, consisting of
 one sheet, has been correctly drawn to the
 designated scale from field notes of a sur-
 vey made by me between the 1st and 5th
 days of Nov. 1928. That it truly and cor-
 rectly represents the location and extent
 of the proposed works used to divert
 water from Cold Spring in White Pine
 County by Gaston Uhalde and Wm. Hendrix
 for stockwatering purposes. That the pro-
 posed point of diversion, the approximate
 location and size of the diverting channel
 or other conduit, the place and manner of
 use, and the location and names of all
 other works or streams which are crossed
 by, or connected with the said works are
 fully and correctly designated thereon.
 G. T. Saxton
 STATE WATER RIGHT SURVEYOR

Subscribed and sworn to before me this
 25th day of November, 1928.
 Notary Public in and for
 White Pine County, Nevada.

Proposed Works — 100 feet of 2 in pipe
 from the spring to a tank 7 feet in diam.
 and 8 feet high, thence to approx. 75 feet of
 galvanized iron trough northeast of point
 of diversion.
