COUNTY OF WHITE PINE

I, G. T. Sexton, being first duly sworn de- pose and say that this map consisting of one sheet, has been correctly drawn to the des- ignated scale from field notes of a survey made by me between the 22nd and 24th days of June, 1929; that it truly and correctly represents the location and extent of the pro- posed works used to divert water from Nigger Creek Lower Spring in White Pine County by R. A. Yelland for stockwatering purposes. That the pro- posed point of diversion, the approximate location and size of the diverting channel or other con- duit, the place and manner of use, and the location and names of all other works or streams which are crossed by, or connected with the said works, are fully and correctly design- ated thereon.

G. T. Sexton
