 - WELL-SPACING BLOCK
 - ORDER JURISDICTION
 - ADMINISTRATIVE AREAS

MAP NOTES
 THIS MAP ACCOMPANIES APPLICATIONS FOR TEMPORARY PERMITS. Deviation from the Guidelines and Rules for the Preparation of Water Right Maps (2000) includes use of color and water based ink, absence of water right surveyor affidavit, paper medium, a scale of less than one-inch-to-1000-feet for Place of Use, omission of quarter-section and sixteenth-section details, and strict adherence to Basis of Bearings guidelines (which would require an actual field survey; see Basis of Bearing notes below).

(2002) Boundaries of hydrographic areas of the Humboldt River Region courtesy of Nevada Division of Water Resources (NDWR), Department of Conservation and Natural Resources. These are administrative boundaries rather than strictly hydrologic ones.

BASIS OF BEARING
 The line bearing N00°24'27"E from the west quarter-corner of Section 28 to the West quarter-corner of Section 21, T31N, R43E, M.D.M. being the same as shown on the map to support Permit Number 65416 on file with the Nevada State Engineer, prepared by John Martini, Water Right Surveyor 11242.
