I, E.H. Sweetland, being first duly sworn, depose and say that this map, has been correctly drawn to the designated scale from field notes of a survey made by me on July 23rd, 1930; that it truly and correctly represents the location and extent of the proposed works used to divert water from Corey Springs, in Mineral County by Annie A. Philatro and David S. Jones for stockwatering purposes. That the proposed point of diversion, the approximate location and size of the diverting channel or other conduit, the place and manner of use, and the location and names of all other works or streams which are crossed by, or connected with the said works, are fully and correctly designated thereon.
