I, Frank Walker, being first duly sworn, depose and say that this map, has been correctly drawn to the designated scale from field notes of a survey made by me, completed on the 8th day of Sept. 1930; that it truly and correctly represents the location and extent of the proposed works used to divert water from DRY VALLEY CREEK, in LINCOLN COUNTY, by Genevieve Delmue, for stock watering purposes. That the proposed point of diversion, the approximate location and size of the diverting channel, the place and manner of use, and the location and names of all other works or streams which are, in any way connected with said works, are fully and correctly designated thereon.
