

NOTE: It is probable that the location of this spring with reference to legal subdivision will be changed when the land is surveyed, but there being no way to conclusively determine this matter at this time, the location shown hereon is based on the assumption that there will be no hiatus when surveyed.

I, Harvey M. Payne, being first duly sworn, depose and say that this map has been correctly drawn to the designated scale from the field notes of a survey made by me on August 3rd, 1929; that it truly and correctly represents the location and extent of the works proposed to be constructed to divert and conserve water from Segura Spring No. 11, Nye County, Nevada, by Fernando Segura, under Application No. 9432; for stockwatering purposes; and that the point of diversion and works to be installed are correctly shown hereon.

Harvey M. Payne
WATER RIGHT ENGINEER
