POINT OF DIVERSION

Approximate end of Canyon  
and proposed works

To Mine Telephone Road

Telephone Canyon Springs  
Road Thru & General Trend of Telephone Canyon  
Overflow from Belleville Mine and water from Telephone Canyon Springs contribute to a common supply at the point of diversion.

Note: The proposed works consisting of catch basins, ditches, pipes and placer mining equipment to extend throughout the extent of the canyon bed and of a capacity sufficient to conduct the amount of water expected to be developed and applied for to these workings.

C-14 Cor found.

STATE OF NEVADA } S.S.  
COUNTY OF WASHOE }  
I, Thos. R. King, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me (or under my supervision and direction) on the 13th day of April, 1931; that it truly and correctly represents the location and extent of the proposed works used to divert water from Belleville Mine and Telephone Canyon Springs, in Mineral County, by W. G. Remaley, for Mining and Domestic purposes. That the proposed point of diversion, the location of the mine, the approximate size and capacity of the diverting conduit and the location and names of all other works or streams which are crossed by or connected with said works, are fully and correctly designated hereon.

Thos. R. King  
State Water Right Surveyor

Subscribed and sworn to before me this 24 day of April, 1931.  
Sally S. Morrill  
Notary Public in and for Washoe County, Nevada.
