

STATE OF NEVADA }
 COUNTY OF WHITEPINE } S.S.

I, C.R. Townsend, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me between the 13th and 14th days of July, 1930, that it represents the location and extent of the proposed works used to divert water from Big Pole Spring in Eureka County by E.C. Johnson for stockwatering purposes. That the proposed point of diversion, the approximate location and size of the diverting channel or other conduit, the place and manner of use, and the location and names of all other works or streams which are crossed by, or connected with the said works, are fully and correctly designated there on.

C.R. Townsend
 STATE WATER RIGHT SURVEYOR.

Subscribed and sworn to before me this 21st day of June, 1931.
