I, W. H. Settelmeyer, being first duly sworn, depose and say that this map, has been correctly drawn to the designated scale from field notes of a survey made by me and completed on the 5th day of May 1940; that it truly and correctly represents the location and extent of the works used to divert water from Basset Creek in Water Pine County, by Richard Bate for irrigation purposes. That all other works or streams which are connected with said works, and the boundary, area and kind of culture of lands irrigated, are correctly shown hereon.

W. H. Settelmeyer
State Water Right Surveyor
