STATE OF NEVADA }
COUNTY OF WASHOE } SS

I, George G. Lindesmith, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from a survey under my supervision and direction on or before December 12, 2008; that this map truly and correctly represents the vested place of use and points of diversion used to divert water from springs within Pershing County, Nevada, by C PUNCH CORPORATION for stock watering and irrigation & domestic purposes.

George G. Lindesmith
State Water-Right Surveyor No. 704

Subscribed and sworn to before me on this 15th day of
May, 2010.

Rae Ann Loving
Notary Public

NOTES

- All areas shown outside of the numbered Assessor's Parcels are portions of APN 03-021-01.
- The Township Plat for T.30N., R.24E., M.D.M. shows the Gimbel House located in the NW 1/4 of the SW 1/4 of Section 15. The terrain features shown match those for the location of the C Punch ranch house, which is in the NE 1/4 of the SE 1/4 of Section 16. Even though it is shown in different locations, it appears that the location of these two properties have enough in common that they are the same property and the inconsistencies shown are based on graphic mapping rather than than solid survey information.
- The existing place of use, APN 03-021-06, has been known or shown as Gimbel's, Gemell's, and Cowles, in various public records.
- The section lines shown are based on a compilation of information contained in the Township Plat, Reference No. 3, and References 1 & 2. The locations of springs, roads and troughs are by GPS observation. Positions of irrigated and fenced areas are determined by digitizing satellite photography using GPS positions to photo I.D. and rectifying the photography.
