Remarks:

I am a widow and have been living on my homestead continuously for the past 24 years, my husband, John Floyd having died over 17 years ago, and I have raised my family of five children on this same land. These small springs of water have all been used by me in the making of this home, and are all necessary and essential for the irrigation of the tracts of land shown in the accompanying maps. The land is on Sp. 32 N. R. 37 E, which is all unencumbered, so I have been unable to obtain title from the Government. All my energies for the past 24 years have been used to make this home known as the, Floyd Ranch, the means of my family's support.
