

AMENDED

THE STATE OF NEVADA

PROOF OF APPROPRIATION OF WATER FOR STOCK WATERING PURPOSES

FILED
January 31, 1942
STATE ENGINEER'S OFFICE

From Pine Nut Creek Name of natural water course

Through By use of Dam and pond Name of ditch, pipe line, etc.

JOEL UHALDE, the undersigned, being first duly sworn, deposes and says that the statements herein contained relative to the appropriation of water by him are full and correct to the best of his knowledge and belief.

If proof is not made by claimant, respondent should state on this line by what means he appropriates the water.

(1) Name of claimant JOEL UHALDE
Address SARASOTA County of CLATSOP
State of NEVADA

(2) The means of diversion employed is by use of dam and pond

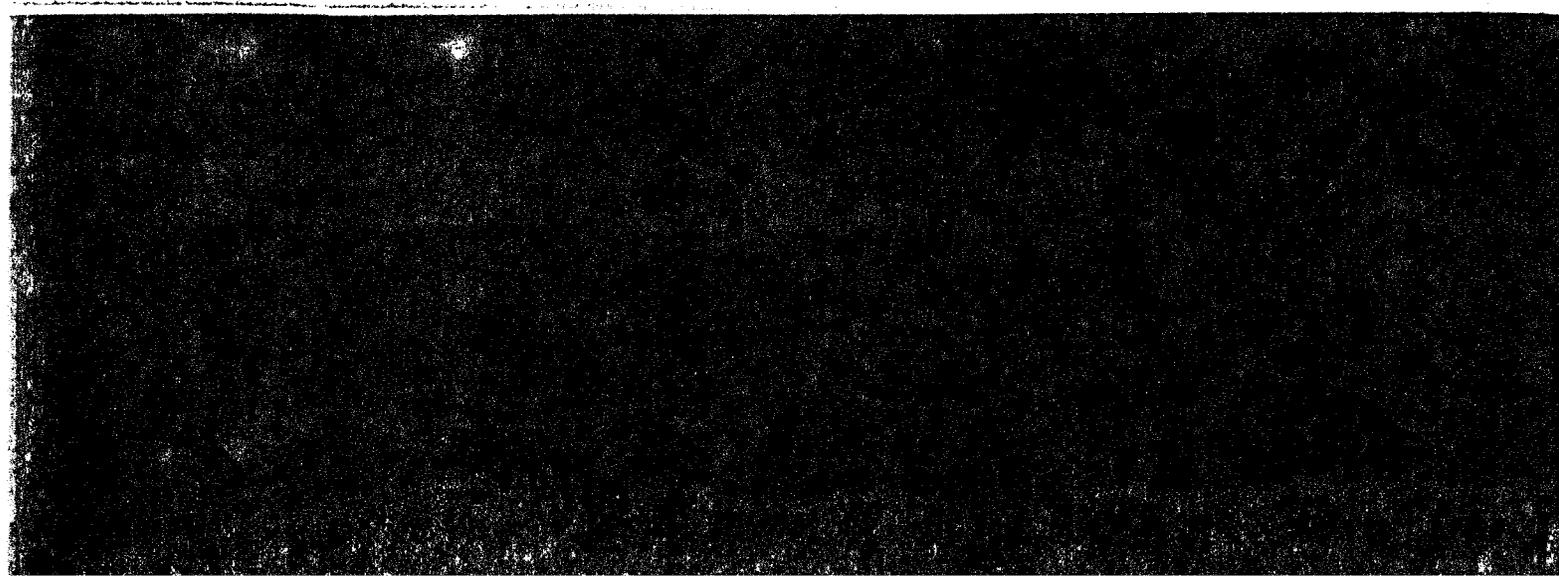

(3) The water is impounded in small pond
Troughs, reservoirs, tanks, etc.

(4) The construction of the ditch or other works was begun in 1938 and completed in 1938

(5) The nature of the claimant's title to the land upon which the works are located is State Patent

(6) The claimant's water right was not recorded in the office of the County Recorder of Clatsop County, at Page of Book of

(7) The approximate number of animals watered by the claimant during the first year was 18 and said watering was conducted for an approximate period of 365 days during each of the following months

(8) The approximate number of animals watered by claimant in subsequent years was as follows:

As many as 2000 sheep have been watered at one time.

(9) The amount of water which it has been necessary to divert for the said purpose has been..... cubic feet per second.

40 inches equals 1 cubic foot per second

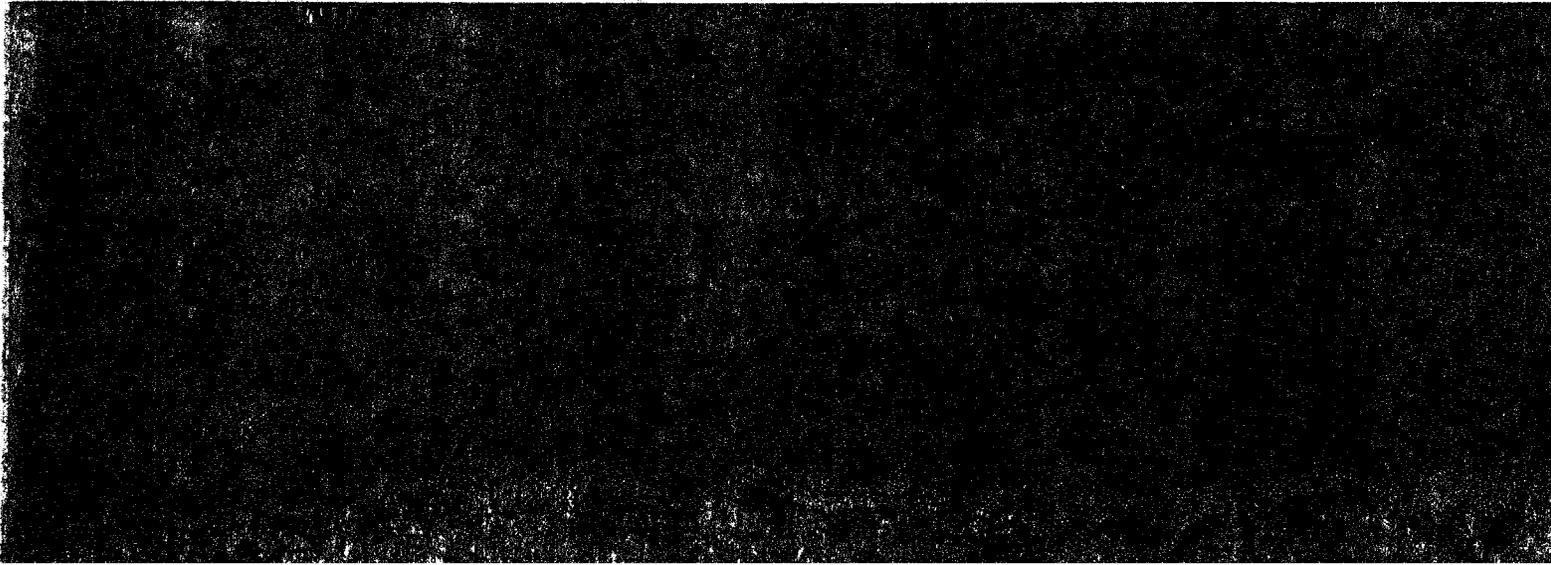

(10) The water is diverted from its source at..... feet from the north one-quarter corner of Section..... S., T..... R..... E. Mount Diablo Base and Meridian.

Note—Information under (10) must invariably be given when a public corner is within 6 miles, unless the State Engineer consents to some other form of description.

(11) The works are located at..... Describe as within a 60-acre subdivision of public survey or by a tie in same manner as under (10)

Remarks:.....

Livestock is watered from artificial holes or depressions along the creek, as well as where storage is created at the point of diversion. If flood conditions occur it becomes necessary to reconstruct the small dam which may vary from that near the original location.

Remarks:.....Ln. Proof. No. 0770. filed in State Engineers office by Fritz Elges, (pre-
.....decessor in interest to the lands herein described), on March 5, 1909, claims
.....water was first used for stockwatering purposes in 1896.
