A.

17. Q. When does your irrigation season begin and when does it end?

A. Feb to November

18. Q. If water is used for other purposes than irrigation, state the nature of such use, the time when such use began, and how much water is required for such purpose.

A. _____

19. Q. During what months is the water used?

A. _____

20. Q. Have you had sufficient water each year since the use for which an appropriation is claimed began? If not, state the years of scarcity, the months when the supply was insufficient, and the reason of such scarcity.

A. There is insufficient water for the land but by economic use good production is produced

Signed:

W. M. G. W.

Ely, Nevada, June 1st, 1910

Sworn to and subscribed before me at Ely, Nevada, this First

day of June, 1910.

J. M. Lockhart, Notary Public.

Remarks:

~~Subsequent~~ Sabore Lower Creek is in Spring valley and is one of the streams that irrigate the Cleaveland land.

There is no ditch built to divert the stream but the creek is diverted through several channels and is spread upon the land above described.

The water from the stream has all been used upon the above land for a great number of years should say at least 20 years.
