

11/17/16.

Filing Serial No. 01470

THE STATE OF NEVADA
PROOF OF APPROPRIATION OF WATER FOR IRRIGATION

From Molleson Springs
Name of natural water source

Through Comins Ditches Numbers 1, 3 and 7
Name of ditch, flume, or pipe line

H. A. Comins-----, the undersigned, being first
duly sworn, deposes and says that the facts relative to the appropriation of water by his predecessor
in interest, Henry P. Molleson----- are full and correct to the best of his
knowledge and belief.

If proof is not made by claimant, deponent should state on this line by virtue of what authority he represents the claimant

(1) Name of claimant H. A. Comins
Address Ely-----, County of White Pine
State of Nevada-----

(2) The means of diversion employed were dams and ditches
Dam and ditch, pipe line, flume, etc.

(3) The date of the survey of ditch, canal, or pipe line was -----

(4) The construction of the ditch or other works was begun about 1873
and completed at least before 1877-----

(5) The dimensions of the ditch or canal as originally constructed were: Width on bottom one foot
~~feet~~ width on top two feet, depth one foot, on a grade of one foot per thousand feet.
~~have not~~

(6) The conduit ~~has~~ has not been enlarged.
NOTE—If enlargement or extension of ditch was made, supply information under (7) and (8)

(7) The work of enlargement of the ditch or canal was begun -----
and completed -----

(8) The dimensions of the ditch or canal as enlarged are: Width on bottom ----- feet, width on
top ----- feet, depth ----- feet, on a grade of ----- feet per thousand feet.

(9) The claimant is ~~is not~~ is an owner in the above-described conduit.
owns entire interest.
If claimant is an owner in the conduit, state interest held on this line

(10) The nature of the title to the land for which the water right is claimed is fee simple-----

(11) Crops of Hay, grain, potatoes and garden stuff
have been grown upon the land irrigated.

(12) The water has been used for irrigation from 1873----- to September, 1915-----
of each year. Day of month Day of month

(13) The water was first used for irrigation by claimant or his grantors in the year 1873-----
when 70 acres were irrigated in the E $\frac{1}{2}$ of SE $\frac{1}{4}$ of Sec. 17
T. 19 N., R. 63 E., also 50 acres in S $\frac{1}{2}$ of NE $\frac{1}{4}$ and 13.64 acres
in the NE $\frac{1}{4}$ of SW $\frac{1}{4}$ of said section; also 38 acres in the NE $\frac{1}{4}$ of
NE $\frac{1}{4}$ of Section 20 in said township.

(19) The map provided by the State Engineer and attached hereto as a part of this proof is hereby accepted as correctly showing the ditch lines or irrigation works diverting or conveying the water claimed and the lands irrigated.

(20) Water from the source given and through the works described is also used for the following purposes other than irrigation: None

(21) Remarks: The character of the soil is loam with some portions gravelly. The soil needs two acre-feet per annum to properly irrigate the crops. A continuous flow of one cubic foot of water per second, during the irrigation season of six months, is needed to irrigate each 100 acres of land.

A. A. Corbins

Subscribed and sworn to before me this 14th day of November, 1916

E. J. Fleming

Notary Public in and for the County of White Pine

My commission expires July 31, 1920

This part of form to be left blank by claimant
