

THE STATE OF NEVADA

PROOF OF APPROPRIATION OF WATER FOR STOCK WATERING PURPOSES

3-25-21
7-1-21
12-23-21
01774

From Springs at head of South Fork of Grass Valley

Name of natural water course

Through Unnamed ditches

Name of ditch, pipe line, etc.

E.A. Henriod

, the undersigned, being first

duly sworn, deposes and says that the statements herein contained relative to the appropriation of water by J.R. Ferry and later E.A. and Fred Henriod are full and correct to the best of his knowledge and belief.

If proof is not made by claimant, deponent should state on this line by virtue of what authority he represents the claimant

(1) Name of claimant E.A. Henriod and Fred Henriod

Address Parker, County of White Pine

State of Nevada

(2) The means of diversion employed is ditches and reservoir

Dam and ditch, pipe line, flume, etc.

(3) The water is impounded in reservoir

Troughs, reservoirs, tanks, etc.

(4) The construction of the ditch or other works was begun see next page under remarks and completed

(5) The nature of the claimant's title to the land upon which the works are located is works are on unappropriated public land

(6) The claimant's water right was (was not) recorded in the office of the County Recorder of County, at Page of Book of

(7) The approximate number of animals watered by the claimant during the first year was 500 and said watering was conducted for an approximate period of 30 days during each of the following months all the months, of the year.

(8) The approximate number of animals watered by claimant in subsequent years was as follows:

E. G. H. About 500 head of horses and cattle were watered at these springs by J.R. Ferry since from year 1885 until about 1915, since that date E.A. and Fred Henriod have watered about 100 head of cattle and 2500 sheep

(9) The amount of water which it has been necessary to divert for the said purpose has been approx. 0.02 cubic feet per second.
40 miniers inches equals 1 cubic foot per second

(10) The water is diverted from its source at see under remarks below feet from
True bearing to nearest 5 minutes distance
the corner of Section , T. , R. E.,
Mount Diablo Base and Meridian.

NOTE—Information under (10) must invariably be given when a public corner is within 6 miles, unless the State Engineer consents to some other form of description.

(11) The works are located at see under remarks below
Describe as within a 40-acre subdivision of public survey or by a tie in same manner as under (10)

Remarks: The source of this water is two springs. One located at S. 31°30'W. 2000 ft. and the other at S. 13°30'W. 2425 ft. from the NW. Cor. of Sec. 7, T. 21 N. R. 69 E. The water of the first spring is impounded in a reservoir which is located at S. 41°30'W. 2730 ft. from said corner and the water of the second spring is diverted from its natural channel at S. 34°W. 2750 ft. from said corner of section 7, and run thence through a ditch into above mentioned reservoir. This water is used at the springs and reservoir and along the channels and ditch between springs and reservoir. This reservoir is also used in connection with irrigation rights of deponent.

Answer to Question 4: The above mentioned ditch was built By J.R. Ferry at period unknown to deponent. The reservoir was started in 1917 and completed in 1920.

(See next page)

Remarks: Prior to completion of improvements use of water was made by watering stock in the natural channels and most temporary kind of small watering ponds constructed across the channel.

E A Henriod

Subscribed and sworn to before me this 23 rd day of February 1921. F9TK
