THE STATE OF NEVADA

PROOF OF APPROPRIATION OF WATER FOR STOCK WATERING PURPOSES

From Third Sawmill Spring Name of natural water course

Through iron pipe and troughs Name of ditch, pipe line, etc.

W. N. McGill, the undersigned, being first duly sworn, deposes and says that the statements herein contained relative to the appropriation of water by The Adams-McGill Company are full and correct to the best of his knowledge and belief.

President of The Adams-McGill Company

If proof is not made by claimant, deponent should state on this line by virtue of what authority he represents the claimant

(1) Name of claimant The Adams-McGill Company Address Ely, County of White Pine State of Nevada

(2) The means of diversion employed is cut into spring in which is laid pipe Dam and ditch, pipe line, flume, etc.

(3) The water is impounded in 100 feet galvanized iron troughs Troughs, reservoirs, tanks, etc.

(4) The construction of the ditch or other works was begun 1892 and completed 1921

(5) The nature of the claimant's title to the land upon which the works are located is Land is owned by the United States Government

(6) The claimant's water right was not recorded in the office of the County Recorder of County, at Page of Book of

(7) The approximate number of animals watered by the claimant during the first year was 500 and said watering was conducted for an approximate period of 200 days during each of the following months April to November

(8) The approximate number of animals watered by claimant in subsequent years was as follows:

There are now 2,200 sheep and 150 cattle watering at this spring from May 1st to November 1st of each year.

(9) The amount of water which it has been necessary to divert for the said purpose has been

$\frac{1}{10}$ cubic feet per second.

40 miners inches equals 1 cubic foot per second

(10) The water is diverted from its source at N 9° 20' W, 16,440 feet from

True bearing to nearest 5 minutes distance

the southeast corner of Section 33, T. 12N, R. 63E, E., Mount Diablo Base and Meridian.

NOTE--Information under (10) must invariably be given when a public corner is within 6 miles, unless the State Engineer consents to some other form of description.

(11) The works are located at SW $\frac{1}{4}$ of SE $\frac{1}{4}$, Sec 16, T. 12N, R. 63E, M. D. M.

Describe as within a 40-acre subdivision of public survey or by a tie in same manner as under (10)

Remarks: The waters of this spring have been used since 1892 by The Adams-McGill Company and its grantors for watering livestock and for domestic purposes; the water was impounded in small pools formed by placing dams in the channel. In September, 1921, a cut 130 feet in length was driven to develop more water; 150 feet of 2 $\frac{1}{2}$ inch pipe was laid to carry the water to 100 feet of galvanized iron troughs 20 inches in diameter - all done at the expense of the claimant herein.
