 have been grown upon the land irrigated.

(12) The water has been used for irrigation from Feby. 15th to June 15th
Day of month Day of month
 of each year, when available.

(13) The water was first used for irrigation by claimant or its grantors in the year 1873
 when _____ acres were irrigated in the _____ of Sec. _____
 T. _____, R. _____ E., sections fully described on following pages.

COPY

(14) The additional number of acres first irrigated in subsequent years was as follows:

18-Mile Ranch

<u>Sub.</u>	<u>Sec.</u>	<u>Twp.</u>	<u>Rge.</u>	<u>Classification</u>	<u>Acres</u>
SW $\frac{1}{4}$	29	42 N	68 E	Pasture	11.5
NE $\frac{1}{4}$	29			Pasture	7.1
SE $\frac{1}{4}$	28			"	9.4
SW $\frac{1}{4}$	27			Pasture with brush	13.8
				Total	41.8

....., acres in the of Sec....., T....., R..... E.
, acres in the of Sec....., T....., R..... E.
, acres in the of Sec....., T....., R..... E.
, acres in the of Sec....., T....., R..... E.

Remarks:
 Append a sheet if necessary

(15) The maximum acreage irrigated in any year was 41.8 acres.

(16) The water claimed has (~~MAXIMUM~~) been used for irrigation each and every year since the right was initiated.
Strike out one not wanted

(17) The years during which no water was used for irrigation or during which the full water right was not used were.....
If water was not used, or used in reduced quantity at any time, full information as to causes and duration

.....
of non-use should be given, appending a sheet if necessary

(18) The claimant's water right was (was not) recorded in the office of the County Recorder of County, said record being at page..... of Book..... of

....., and being a claim for.....
 of water for the irrigation of.....

acres of land in the following legal subdivisions:.....

NOTE—Failure to record in the county in no way invalidates a water right, but if ditch or right was so recorded, supply full information under (19)

(19) The map provided by the State Engineer and attached hereto as a part of this proof is hereby accepted as correctly showing the ditch lines or irrigation works diverting or conveying the water claimed and the lands irrigated.

(20) Water from the source given and through the works described is also used for the following purposes other than irrigation: stock water

(21) The character of the soil is sandy loam (Sandy, gravelly, loam). The soil needs 4.5 acre-feet per annum to properly irrigate the crops. A continuous flow of 1.24 cubic feet of water per second, during the irrigation season of 6 months, is needed to irrigate each 100 acres of land.

(22) Remarks: Water applied for in this application to be used with
and supplemental to water from reservoir under permit No. 2964
on lands not listed under permit No. 2964.

Vineyard Land & Stock Company was formerly the owner and
appropriator of this water right; but on December 24, 1921 it con-
veyed, assigned and transferred the same, together with all the
land to which the same is appurtenant, and all of its property of
every sort to The Utah Construction Company, which is the present
owner and claimant of the said water and water right. Vineyard
Land & Stock Company had its charter revoked by operation of law
in April, 1923. The undersigned Warren L. Wattis was a director
and secretary ~~and treasurer~~ of Vineyard Land & Stock Company at
the time of and long prior to its dissolution and is the secretary
and treasurer of The Utah Construction Company.

Warren L. Wattis
