PROOF OF APPROPRIATION OF WATER FOR STOCK WATERING PURPOSES

From Spaghetti Spring No. 3 Name of natural water course

Through open cut (unnamed) Name of ditch, pipe line, etc.

the undersigned, being first duly sworn, deposes and says that the statements herein contained relative to the appropriation of water by Martin Filippini and predecessors are full and correct to the best of his knowledge and belief.

If proof is not made by claimant, deponent should state on this line by virtue of what authority he represents the claimant

(1) Name of claimant Martin Filippini Address Beowawe County of Eureka State of Nevada

(2) The means of diversion employed is open cut Dam and ditch, pipe line, flume, etc.

(3) The water is impounded in reservoirs Troughs, reservoirs, tanks, etc.

(4) The construction of the ditch or other works was begun 1892 and completed

(5) The nature of the claimant's title to the land upon which the works are located is Government range land

(6) The claimant's water right/was (was not) recorded in the office of the County Recorder of County, at Page of Book of

(7) The approximate number of animals watered by the claimant during the first year was 50 cattle, and said watering was conducted for an approximate period of 210 days during each of the following months May, June, July, August, September, October, and November

(8) The approximate number of animals watered by claimant in subsequent years was as follows:

~~About 50 head of cattle water at different springs and this is approximation. They range in the vicinity of this spring and other springs and some cattle do not water at this spring each day on account of their disposition to rove.~~

(9) The amount of water which it has been necessary to divert for the said purpose has been enough to water 50 head of cattle cubic feet per second.
40 miners inches equals 1 cubic foot per second

(10) The water is diverted from its source at NW¹ of NW¹ True bearing to nearest 5 minutes distance feet from the 8 corner of Section 8, T. 25 N, R. 47 E., Mount Diablo Base and Meridian.

Note—Information under (10) must invariably be given when a public corner is within 6 miles, unless the State Engineer consents to some other form of description.

(11) The works are located at same point as point of diversion
Describe as within a 40-acre subdivision of public survey or by a tie in same manner as under (10)

Remarks: The works have been kept up by affiant and his predecessors since said spring was taken. Affiant has been acquainted with the spring since 1898 and owned same since 1900.
