THE STATE OF NEVADA
PROOF OF APPROPRIATION OF WATER FOR
STOCK WATERING PURPOSES

From Ox Corral Creek
Name of natural water course

Through dams and ditches
Name of ditch, pipe line, etc.

Paul H. Dory, the undersigned, being first
duly sworn, deposes and says that the statements herein contained relative to the appropriation of water by
Ray E. Dory are full and correct to the
best of his knowledge and belief.

Paul H. is a brother of Ray E. Dory and is managing the property
If proof is not made by claimant, deponent should state on this line by virtue of what authority he represents the claimant

(1) Name of claimant Ray E. Dory
Address Austin, County of Lander
State of Nevada

(2) The means of diversion employed is by dams and ditches
Dam and ditch, pipe line, flume, etc.

(3) The water is impounded in (not impounded)
Troughs, reservoirs, tanks, etc.

(4) The construction of the ditch or other works was begun prior to 1905
and completed prior to 1905

(5) The nature of the claimant's title to the land upon which the works are located is fee simple.

(6) The claimant's water right was ~~(was not)~~ recorded in the office of the County Recorder of Lander
County, at Page 102 of Book A of Water claims

(7) The approximate number of animals watered by the claimant during the first year was from 175-230
and said watering was conducted for an approximate period of entire month ~~days~~ during
each of the following months from 150-200 head of stock cattle are watered
from this creek from about April 1-December 1 of each year and from
25-30 head of horses water here during the entire year. Sometimes
there will be more or less but on the average the number are as above
stated.

(8) The approximate number of animals watered by claimant in subsequent years was as follows:
from 150-200 head of stock cattle and from 25-30 head of horses.

(9) The amount of water which it has been necessary to divert for the said purpose has been.....
.....cubic feet per second.

40 miners inches equals 1 cubic foot per second

(10) The water is diverted from its source at Ox Corral Dam.....feet from
True bearing to nearest 5 minutes distance
the.....corner of Section....., T....., R.....E.,
Mount Diablo Base and Meridian.

NOTE—Information under (10) must invariably be given when a public corner is within 6 miles, unless the State Engineer consents to some other form of description.

(11) The works are located at.....
Describe as within a 40-acre subdivision of public survey or by a tie in same manner as under (10)

Remarks: a map under application No. 01427 has been heretofore filed
showing the township subdivisions of these works. *The water used
for watering stock has been used by the applicant since
about 1988 and by their father from about 1903 to
1918 and by the Vigas Brothers prior thereto.*
